## Director - Todd German

Coach German has more than 25 years' of experience in coaching and camping and has been involved with The McCracken Volleyball Camp since its beginning. German was a stand-out high school and college athlete from Bronson, Michigan. He played basketball at Kalamazoo Valley Community College and at Manchester College. He received his master's degree from Western Michigan University.

### Camp Ideals

#### A Message from the Director

Parents ask me why they should send their daughters to our camp. What makes our camp so different from other camps? It's no secret. Our philosophy is that we believe in personal attention for each player, both on and off the courts. We are not an assembly line, stuffing kids into slots. The individual player is the most important part of our camp and always will be. We choose our staff very carefully so that each camper will have the very best experience possible.

I am very enthusiastic about this summer's camp. We will continue to teach each camper both physical and mental skills, and to help her develop the desire to become the best player she can possibly be. We also promise her the enjoyment and fellowship that will make her time at camp a highlight to be remembered for the rest of her life.

We would appreciate the opportunity to work with your daughter. If you have any questions about the camp program, supervision, safety, etc., please give me a call at: 260-432-0099, and I would be happy to answer any questions you might have.

### Unsolicited Endorsements:

I had a great time at camp! I came not knowing what to expect, but by Monday I knew the camp was really going to help me. The counselors were the best. They did a terrific job of teaching us.

- Camper

McCracken Camp is paying off for us. We won our sectional this year for the first time ever!

- High school coach

Your camp was a wonderful experience and I hope to come back again. I think the best things about it were the friendships I made and learning all of those new skills.

- Camper

Words cannot express how much my daughter enjoyed your camp. Every aspect met or exceeded our expectations — her time with you was definitely the best part of her summer and probably a life-long memory.

## Camp Types

### Complete Skills Camp

The McCracken Volleyball Camp has been well known for its Complete Skills Camp, which features intensive work on all phases of volleyball. Not only are group drills stressed, but also much time is spent on individual work, both with the coaches and the director. Over the past 28 years we have designed and refined our program until we are convinced that we have the best program available to help each player develop her talent to the fullest. We pledge that developing each individual's skills, both mental and physical, will be uppermost in our minds.

A comment from a great coach reflects the importance of learning and reviewing the basics: "Every outstanding player must always spend time working on the fundamental aspects of volleyball in order to provide the base for becoming a great player."

**Come prepared to work hard, learn a lot, and have fun.**

### Hitter/Setter Camp

Several years ago, the McCracken Volleyball Camp responded to many requests from coaches and players to offer the Hitter-Setter Camp. Players will choose which skill they wish to concentrate on and will learn techniques and drills to help them improve at their position. In addition, the setters and hitters will combine to play in the highly competitive league games.

Players concentrating on setting will learn and work on such important skills as body and hand position, execution of the set, and decision making. The program will provide the setter with the confidence and ability to be the quarterback, or "coach on the floor". Players concentrating on hitting will be instructed on the important parts of the hit, including the approach (footwork & arm swing), follow through, and finish. All players will develop skills that will make them effective keys to their teams' offenses.
